Guardian

A Complete Compliance Solution for Product Regulatory, Safety and Corporate Social Responsibility Requirements

Regulatory, Safety and Social Responsibility Compliance Management

Industry and Corporate Requirements

Real-Time Collaboration Network

Standalone or Integrated Offering

Texbase Guardian is an advanced compliance solution for brands, retailers and consumer product companies for management of the dynamic and rapidly expanding state, country, corporate and social compliance requirements.

Texbase Guardian is a single platform comprised of multiple solutions addressing product regulatory, safety and corporate social responsibility requirements. Regardless of the size or complexity of requirements, brands, retailers and consumer product companies can subscribe to Texbase Guardian to assure transparency and traceability across their global supply chain.

Actionable Dashboards, Exception Reporting Web-Based and Easy-To-Deploy Solution

Affordable and Flexible

Designed for ultimate flexibility, the system can be utilized for a single requirement, such as restricted substance list management or a sole source for all compliance requirements. Intelligent and template based, the system enables standardization, accessibility and visibility across a brand's global user base.

Each solution provides unlimited connectivity across the Texbase real-time collaboration network to securely facilitate brand, vendor and lab communications, testing against specifications and certifications. The system auto-configures standards based upon a specification, certification management documents and includes electronic signature capability.

Graphical dashboards allow users to manage exceptions for optimal outcomes.

Texbase Guardian Featured Functionality

Apparel and footwear product compliance requirements are dynamic and rapidly expanding.

CPSIA Guardian

A solution for managing product specifications, testing plans and results to satisfy CPSIA regulatory requirements. Specifications, policies and testing protocols can be customized and replicated to ensure consistency and management of lab costs. Requirements are securely shared by brands with vendors and testing labs using the Texbase real-time collaboration network making communications and confirmations simple, fast and easy. Certificate creation is a point-and-click process automatically generated from the system.

RSL Guardian

A managed service with current and continually-updated RSL libraries containing lists from industry associations, states and other sources.
RSL Guardian allows clients to customize libraries, create specifications and consistently test and/or certify components or products against RSL requirements, wherever they choose, throughout their supply, production and distribution chains. Flexible pick-and-choose specifications or certifications are securely shared by brands with vendors and labs using the Texbase real-time collaboration network, making communication and confirmations simple, fast, and easy.

Conflict Minerals Guardian

A solution for managing the range of requirements associated with Dodd-Frank section 1502. Under the rules, public companies listed in the U.S. must disclose whether tantalum, tin, tungsten and gold mined in the Democratic Republic of Congo or an adjoining country are necessary to the functionality or product they manufacture or contract to manufacturer.

CSR Guardian

Allows brands and retailers to track and measure their Corporate Social Responsibility program comprehensively. Texbase understands that social responsibility solutions must adapt to the unique structure of a company's program and practices. CSR Guardian allows clients to use a proprietary index, environmental policy tools or industry developed indexes, like the HIGG Index, to measure performance of their CSR program.

About Texbase

Texbase provides compliance, quality and materials management software solutions that power great product experiences. We innovate quality assurance data management, supplier collaboration and product compliance solutons for the apparel, footwear and consumer products industries. Texbase is a pioneer in web based business solutions and collaboration platforms that unite brands, retailers, suppliers and testing labs that trace compliance and quality from raw materials to finished product.
